Reporting (EAR) for the regions to alert the Directors office of any actions that may be controversial with stakeholders, likely to add significant cost or delay to infrastructure, energy, or border projects that are priorities of this administration. The objective in both circumstances is to give the Directors office advance notification of actions that would likely rise to the attention of the Secretary.

Stacey Garcia, Executive Assistant
Regional Directors Office
U.S. Fish and Wildlife Service
P.O. Box 1306, Room 8020
Albuquerque, NM 87102
505-248-6801
